

Australia and New Zealand

Print and label this map or label the electronic version. Submit your final map to Canvas.
For an extending mark use color and label all the requirements correctly.

1. Label and shade or outline the following states in Australia.
New South Wales, Queensland, Victoria, Western Australia, South Australia
2. Find the national capital of Australia. Label it by name and a star.
3. Draw a blue line to represent the Darling and the Murray River.
Label the rivers by their names.
4. Find and label the Great Barrier Reef.
5. Find and label the island of Tasmania.
6. Label the Indian and Pacific oceans.
7. Label the Country of New Zealand.
8. Find the national capital of New Zealand. Label it by name and a star.
9. Find and label the following cities at their approximate locations on the map.
Melbourne and Sydney in Australia and Christchurch in New Zealand
10. Research Ayres Rock or Uluru. Create a symbol of this monolith and label its location on the map.
11. Find and label "Cook Strait".
